Communism has reached its position in this country by deception. Our purpose is to educate people to what Communism really is, written in plain words for plain people. We are non-partisan, non-sectarian, and have no axes to grind. We have reliable up-to-date sources of information.

## We Address the A.V.C. HOW TO DEAL WITH COMMUNISTS

(AMERICAN VETERANS COMMITTEE)

(Not to be confused with the Amvets)

Subject: Communism.

Don't you think you have been straddling the fence long enough? You cannot be a live wire veterans organization and be neutral on this issue. Everyone knows where the American Legion, the V.F.W., and the Amvets stand on Communism. WHERE DO YOU STAND?

You have some good Americans as members and you have some Communists. You may say you have more loyal Americans than you have Reds and Pinks. We can believe that, because in many Red Fronts there are more non-Communists than Communists. This condition exists in the Red controlled unions and in Russia itself, but still the Red minority runs the show. In Russia 6% rule the 94% as slaves.

Many have been watching you straddling the fence, leaning heavily on the left, and we are wondering on which side you are going to land. In the event the United States is forced into war by the aggressive Russian government, encouraged by Reds entrenched in our own government, it is planned that approximately five hundred Red Fronts here will revolt in favor of Russia. William Z. Foster has made it plain that the Communists here owe allegiance to the Russian Flag and not to ours. When and if this day of war comes, where will YOU line up?

You can settle this question quickly by issuing a statement denouncing Communism. We will publish it on our front page. We challenge you to do this. The American Legion, the V.F.W., and several other veterans organizations, have issued such a statement. . . . why not the A.V.C.?

You have been keeping bad company, but we are not going to add your name to our list of Red Fronts which we publish each week until we give you an opportunity to clear your record. We may even come out and promote A.V.C., depending upon your reaction in this matter.

Here are a few of our reasons for believing the A.V.C. is guided and directed by Communists. We are holding some information for future use. The Communist Party brags about your organization. Many active leaders in C.I.O. P.A.C., a Communist front, are directing your activities. Your organization and your leaders are active in promoting parades and meetings and projects sponsored by Communist Fronts. Your Vice-Chairman, Gilbert Harrison, works very closely with Communist and Red Fronts.

Apparently A.V.C. supports everything Communism promotes, such as another

### UNION MEN -- DID YOU BETRAY LAFOLLETTE AND WHEELER?

Here is the proof that C.I.O. P.A.C. is anti-labor. In previous issues we have shown you beyond a doubt that Communism is anti-labor and is out to destroy labor. It has destroyed union labor in Russia where Communism has ruled with an iron hand for twenty-nine years. We give you one proof here and challenge any living human to deny it. If any Communist will prove this statement is not the truth, we agree to secure one hundred subscribers for The DAILY WORKER.

**THE STATEMENT.** Russia, after complete Communist rule for twenty-nine years, has only one union, and that union is "in name only". The working men have nothing to say about running this union, as it is entirely controlled by the Communist Government. There is never a strike and no Russian or group of Russians dares to protest against wages, hours, or working conditions. The laboring men in Russia are living under more fear and less freedom than were the slaves in the United States previous to the Civil War.

When the Russian soldiers arrived in Germany during this past war and saw the homes in which the working people were living, they thought these Germans were capitalists. Now these soldiers who are returning to Russia are being sent by train loads to Siberia to work as slaves in mines so they can not tell the Russian people what they have seen in other countries.

Now we come to the C.I.O. P.A.C. here in the U.S. Senator Burton K. Wheeler and Senator LaFollette have been defeated and will be removed from the U.S. Senate. They were defeated by C.I.O. P.A.C. Why? Not because they were not friends of union labor. They both had perfect labor records, long records of service to the laboring man. They were looked upon as loyal friends of labor. They undoubtedly had other opposition as well, but analysis shows that it was the power of the C.I.O. P.A.C. that actually defeated them.

Why, then, did C.I.O. P.A.C. spend hundreds of thousands of dollars to smear these two men? Why did this organization, this supposed champion of the working man, work to destroy the careers of two men who were proven friends of labor? THIS IS WHY! : Because they opposed Russia's foreign policies. These two courageous

We have often expressed disbelief in the United Nations. We feel that for two reasons there is not the slightest basis to believe it can succeed: First, because human nature is what it is; and, second, because Soviet Russia, by the assertions and admission of her leaders, including the late Lenin and the still living Stalin, places no importance on what we Anglo-Saxons know as the TRUTH. Soviet Russians will lie and deceive to whatever extent necessary. The boss and the stooges of the Soviet government have openly boasted that truth is of no importance—that an oath does not bind them. And yet our simple-minded, rainbow-chasing, idealistic Americans won't have it that this is so. They join, against sceptics like ourselves, in the epithets of "fascist," "anti-Semite," etc., etc. These are, of course, the epithets prepared for them by those very Soviet Russians.

\* \* \*

Recently, American manufacturers objected to sending 17,000 tractors to Soviet Russia on the ground they could not fill domestic orders. Drew Middleton, writing from Moscow to The New York Times (Times of July 31st) said with apparent satisfaction that "Ernest C. Ropes, (educated in Russia) chief of the U.S.S.R. Division of the Commerce Department, and (Russian-born) Lewis E. Lorwin, Staff Economist of the Department, have been much impressed during their three-weeks' stay in the Soviet Union with Soviet Trade officials' eagerness for American goods."

Mr. Ropes said further: "There is almost no limit to what they would purchase in the United States if a credit of \$1,000,000,000, which has been discussed, were advanced by the Export-Import Bank."

Does it surprise Mr. Ropes to find that Soviet Russia, having accepted a gift of \$10,000,000,000 of lend-lease, would now be willing to accept another billion for goods? Because, of course, to give them the credit to buy the goods would be to give them the goods.

As a matter of fact, every dollar of goods we send to Soviet Russia will be used to build herself up to the point where she can to all the greater advantage make war on the United States.

We believe a different policy should be adopted toward Soviet Russia. She is the

(continued on page 2, col. 1)

## HOW TO DEAL WITH COMMUNISTS (continued from first page)

proven enemy of the Western World. She plans the subjugation of all of it, including the United States. There is every evidence this is so. There is no evidence it is not so.

A persistent caller, kicked down the stairs three times, finally rubbed his bruised head and said: "Those fellows can't fool me. They don't want me!"

The United States, by pursuing its policy of appeasement, isn't even as bright as that caller. We have taken just about every insult from Soviet Russia, and still our government pretends that Russia likes us. It tells us, "We must understand Russia."

We do not believe the United States should fool around any longer with Soviet Russia. We hold trump cards today. We may not hold them two years from today. If a man were to clothe and feed and lend money to another man he knew was planning to rape his wife, he would be a damned fool. We will be just as big damned fools here in the United States if we tolerate this Soviet nonsense any longer.

We believe we should forthwith adopt the following policy with respect to Soviet Russia:

First, we should outlaw the Communist Party in the United States; deport every Party member who is not a citizen; and revoke the citizenship of every alien-born citizen who is a Communist and ship him back to his own country. And we should ship to some remote island every citizen of the United States who is a card-holding member of or a contributor to the Communist Party.

Second, we should provide the death penalty for every card-holding Communist Party member who holds public office and does not resign from that office within ten days after the signing by the President of the act that makes these provisions; and we should provide life imprisonment for every officeholder proven to have been a cooperator with Communists, and who likewise does not resign.

Third, we should root out and deport every secret spy of Soviet Russia, and if he has violated any of our laws, he should be punished to the limit. The Communist Red, arrested as a spy in the State of Washington, was freed by a jury that unquestionably had been brought under Communist pressure of every kind. Incidentally, the freeing of this man will tend to discourage the FBI from arresting any more Soviet Russian spies.

Fourth, no Russian citizen should be admitted to the United States except under regulations as strict as those now enforced by Russia against Americans.

Fifth, we should forbid the export, directly or indirectly, of any more goods or services of any nature to Soviet Russia. We should issue no passports to American citizens to visit Russia.

You say this would lead to war with Russia? But, Russia has been at war against the United States since 1919; for all this time she has planned to overthrow the American government by force. And she is at war against us today—on a far vaster scale than ever before. She now feels certain we will fall. She believes the prey is almost within her grasp. And unless Americans rise up and compel their government to have a policy, her estimate will prove correct.

This proposed policy is not directed against the Russian people. It would work for their benefit. For 95% of them have been enslaved by the gang in control, just as that gang—aided by its American collaborators—will enslave us if we don't prevent it. The greater the promise of loot, the more

## Fellow Travelers More Dangerous Than Reds

Communists use Americans, who practice the American way of life, to advance philosophies contrary to Christianity.

Left to right — Nicholas Severage, Wesley Mitchel, Unknown, Emmerick Lustig, Bertram Eckstein, Unknown

While we have concentrated our efforts upon the Communists in Elizabeth, N. J., we have discovered a few fellow travelers who are working with the COMMUNIST PARTY for personal gains, regardless of their families and friends.

One such character is Nicholas Severage, seen in the above photo marching in the MAY DAY PARADE in New York City with such men as Emmerick Lustig (notorious as a COMMUNIST organizer).

Since special investigations have shown that Mr. Severage has been playing along with the Russian Firsters as an organizer of the C.I.O. and that he is an official of the Elizabeth chapter of the Political Action Committee (Communist labor movement), there is no doubt that he is being used very efficiently.

At the last election in Elizabeth Mr. Severage ran for office under the Independent Democratic ticket and was backed by the P.A.C. Does this mean anything to the hundreds of good Americans in Elizabeth?

Elizabeth, N. J., is being used as an experimental ground by the Communists of America to see just how far they can go in a religious dominated community.

If they succeed in backing up men such

daring risks will the bandit take. The single fact that from 350,000 to a million Russians turned against the Soviet government and fought on the German side, and the fact that many of the 400 stowaways reaching America from Russian-occupied lands have committed suicide rather than be sent back, show the fear of those people toward this Soviet gang.

The Roosevelt-Truman administration is the main prop of the Soviet government in the world today. If we withhold all help, with goods, money or services, from the Soviet government, that government will probably fall, for the hatred of that government by its own people, is implacable.

If the Soviet government falls, the future of the whole world will change. Without the Soviet Comintern to galvanize them, the Communist parties of other countries will wither and die. The Gospel of Christ will have triumphed over Marxian hatred. The sky will clear again for Western civilization.

For the pending threat of Soviet Communism is the curse of the world today.

as this Mr. Severage, America will only be a memory. You might say that this character is small and harmless. Well, he is only being used as a guinea pig now to see if the serum will take with the public. If it does take, then the P.A.C. has a couple of very prominent men who have been living in Elizabeth for years who will be willing to sell out their country for a little prestige and official positions.

Leo F. Brady, Chairman of the P.A.C. of Elizabeth, is another individual that the citizens should keep their eyes on. Mr. Brady has followed in line with (so-called) Irishmen like Curran, Quill, Murray and a few others, by letting the Communist use his name for a front.

The officials of the P.A.C. (Communist labor group) are Leo F. Brady, chairman; Dominic Faragino, John Paradise, Nicholas Severage, co-chairmen; Al Seiler, secretary, and Wesley Mitchell, treasurer.

BE CAREFUL, AMERICANS. Just because a man goes to church regularly doesn't mean that he is harmless. A man who speaks for the ideologies of the Communist Party is deadlier than a Communist himself.

THINK!

**IT ALL DEPENDS . . .** : The Guardian, Little Rock diocesan weekly, related this imaginary, though not improbable, incident in a Russian school room:

Teacher: "Peter Petronylovich, spell Democracy."

Peter: "C-o-m-m-u-n-i-s-m."

Teacher: "Excellent! — And now, what are the 'Four Freedoms'?"

Peter: "Freedom from capitalistic property; freedom from international friendship; freedom from thinking, and freedom from freedom."

Teacher: "You're a smart boy, Peter. As long as he can count on future citizens like you, democratic father, Generalissimo Stalin, has nothing to worry about."

By HON. J. PARNELL THOMAS, Congressman from New Jersey:

"Every Communist in America is a potential spy and saboteur; therefore it is imperative that not only the Committee on Un-American Activities but every other investigative and police organization in the United States be ever vigilant."

## WE ADDRESS THE AMERICAN VETERANS COMMITTEE

(continued from first page)

Civil War in Spain to give Communists control in that country. You want the U.S. to ease immigration restrictions to allow more radicals to enter U.S. You are backing all Communist-inspired legislation, every movement they have started in Congress.

We know about the Catholic Bishop making a talk for A.V.C., but that fact does not prove that you are not a Red Front. No one can fool all the people all the time. For we also know about the priest who was tricked into going to Russia to bring back a favorable report on U.S.S.R. He was in bad company, also; Professor Lang, with whom he travelled, recently gave up his U.S. citizenship to act as Stalin's Polish Ambassador to the U.S. and demand of U.N. a break with Spain. While a professor at a Chicago university and a U.S. citizen, Professor Lang was a Communist at heart and owed allegiance to the Russian Flag alone, as do all other U.S. citizens who are Communists.

The American Labor Party, (which is Communist) in New York advertises as Chief Speaker, Howard Zinn, American Veterans Committee. Along with Mr. Zinn as speakers are: Will Shervinton—Communist Party 17th AD, Nat Potashnick—American Youth for Democracy (a Communist front), Herman Levy—Jewish People's Fraternal Order, and Bernard Seigle affiliations not listed. Why do you have members who are not veterans? Who are these people that they are allowed membership in the American VETERANS Committee even though they are not veterans?

Now comes the pay off. We have in our possession evidence which establishes that your organization works very closely with "IN FACT". Apparently you depend upon "IN FACT" for guidance in important matters and for information as to just who are "good" Americans.

Now let us examine "IN FACT", edited by GEORGE SELDES and VICTOR WEINGARTEN. In Fact is more red than The DAILY WORKER; there is not a redder sheet this side of Moscow. It works in close cooperation with many Red fronts, and for some reason many men receive this paper through the mail soon after they join the C.I.O. The American Legion is a favorite target of the RED PAPER.

"IN FACT" gives proof that Communism is ANTI-CHRISTIAN. Two ugly books that are constantly advertised in this paper are "FACTS AND FASCISM" by George Selde himself, and "THE CATHOLIC CRISIS". The former smears Fulton Lewis, Jr., the American Legion, Readers Digest, the Chicago Tribune. IN FACT is anti-Christian, anti-Catholic, anti-American, Communist paper.

The editor of "IN FACT", GEORGE SELDES, is to our minds a typical Red Fascist. He has done more harm pumping poison into the blood stream of America than five Hitlers could do.

People judge an organization by the company it keeps. We advise the A.V.C. to keep better company or take the word AMERICAN out of your name.

You have gone so far to the left your only chance to survive is to condemn Communism in a public statement — do this or you are washed up. You will have to decide if you are for America or for Communism. YOU CANNOT SERVE BOTH!

by DAVID GOLDSTEIN

**IMPERIALISM:** For a practical understanding of imperialism, one need but look at the diplomatic, forceful extension of Soviet territory. War by the U.S.A., Britain, Canada, or any other country is dubbed an imperialistic war by the Communists, save when there warring countries are allied with Russia. While Stalin and Hitler were political bedfellows, the Canadian Communists declared the war against Germany to be a "traffic in death," declaring in their Manifesto (Feb. 1940): "Not a man must leave Canada to die in Imperialistic war! Join in one common front against this most criminal war in human history."

When Hitler got out of the political bed he shared with Stalin, and fired into Stalin-grad, these same Communists issued a call (Dec. 1941): "To defend Canada and save civilization, to keep faith with our heroic allies, to press for an immediate invasion of the continent, join the Armed Forces!"

## UNION MEN — DID YOU BETRAY LaFOLLETTE AND WHEELER ?

(continued from first page)

Senators were for America first and not Russia first. Hence the Communists directing the activities of C.I.O. P.A.C. used funds paid in by the entire C.I.O. membership to defeat enemies of Communism, even though these Senators were acknowledged loyal friends of union labor.

If you are a member of C.I.O., with or without your knowledge your money was used to defeat these good Americans and to promote Communism. The large percentage of C.I.O. membership may be good Americans, but the C.I.O. P.A.C. as an organization is directed by Communist, pro-Russian, anti-Americans.

These days anyone who questions pro-Russian pro-Communist activities and defends American doctrine is branded a Fascist, an Imperialist. To escape this smear, you must keep quiet or help tear down America. Here are some other sterling Americans who have had the courage to stand up for their convictions, and who have consequently been crushed for their efforts to stem the growing tide of Communism:

Martin Dies      Senator Nye  
Hamilton Fish      Senator Rush Holt

This article has been written to help the honest union man to think this Communist question through. Are we going to allow every patriot who champions the cause of America to be smeared and driven out of public service? We call upon each and every one of you to try to realize what is happening to loyal American citizens through the agents and financial backing of Red organs. We call upon you to cry out against these outrages, to cry out against this defeat of two friends of union labor — a defeat which, ironic and unbelievable though it may be, was brought about primarily by an organization which is supported by union labor!

## The Lamentation, Degeneration, and Communization Plan

By George Nelson

The world's most important problem today is to combat Communism. Since so little attention is given to this problem in spite of its vital importance to the people of the world we print this article to help you to understand Communist methods.

Communists today still use the **organize, disorganize, reorganize** plan that has been used by revolutionist liberals for centuries. First, the Communists organize themselves; second, they disorganize the nations of the world by inducing them to overthrow their government; third, they reorganize by inflicting **tyrannical rule** upon the people. A more detailed account of each stage or step is given in the following paragraphs.

First, a conspirator who has achieved great fame and reputation in some important field, manages to contact important leaders of a nation, such as perhaps a leading government official, church leader, or wealthy citizen, and tries to induce them to lead an unmoral life, a life of sensuality, diversion, pride, luxury or graft. When success in this venture has been achieved, the conspirators form a revolutionary secret society, whose members are given to the task of educating the people with the **false idea and unworkable theory** that unparalleled liberty, equality and privileges for the workers would be gained by them if they would overthrow and abolish the rights of private property owners, the existing government, church leaders, and wealthy citizens. The conspirator tells the people of the vices of certain important men and says the whole system should be overthrown.

The liberalism infected nations are to go through the following transitory stages: the liberty stage, when **truth** is placed on the same level as **falsehood**; the confused, anarchy and degeneracy stage, when there is very little law and order left either **civilly** or **morally**. This is the time the conspirators strike, and **revolution** and **Communization** are near.

As soon as any honest government or group opposes these imposters, they manage to gain unity, solidarity and even new members, by simply crying out, "**We are being persecuted**"; therefore we must stick together. We are being persecuted because we are for **labor**, we are for **liberty**, we are for **equality**." It is no wonder then that

## WITNESS, TAKE THE STAND

(Testimony of William Z. Foster, America's No. 1 Communist Leader, before Congressional Committee)

Question—Does the Communist Party advocate the abolition and destruction of religious beliefs?

Answer(s by Foster)—Our party considers religion to be the opium of the people, as Karl Marx stated, and we carry on propaganda for the liquidation of these prejudices among the workers.

Question—Can members of the Communist Party in Russia be married in the church and maintain religious beliefs of that nature, and practice them?

Answer—A member of the Communist Party of the Soviet Union who would be married in a church would not be of any value to the Communist Party.

Q:—Could he maintain his membership in the Party?

A:—He would not.

Q:—He would be put out of the Party?

A:—Eventually, if not for that specific act.

Q:—Would it not be the same in this country?

A:—As I stated before, workers who would be so imbued with religious superstitions that they would be married in a church would be of no value to the Communist Party.

Q:—And the same thing would happen to them in this country that happens to them in Russia?

A:—Of course.

(Following is Foster's testimony before the same committee of the House of Representatives on another occasion).

Q:—Are the Communists in this country opposed to our republican form of government?

A:—The capitalistic democracy—most assuredly.

Q:—And they desire to overthrow it by revolutionary methods?

A:—I would like to read from the program of the Communist International at this point. The Communist International program says: "The conquest of power by the proletariat does not mean peaceful capturing of ready-made bourgeois state machinery by means of parliamentary majority. The bourgeois resorts to every means of violence and terror to safeguard and strengthen its predatory property and political domination".

Q:—That is, what you advocate is a change of our republican form of government and the substituting of the Soviet form of government?

A:—I have stated that a number of times.

Q:—Now, if I understand you, the workers in this country look upon the Soviet Union as their country. Is that right?

A:—The more advanced workers do.

Q:—They look upon the Soviet flag as their flag?

A:—The workers of this country and the workers of every country have only one flag and THAT FLAG IS THE RED FLAG.

Q:—Would you mind stating to the Committee the aims and principles of the Communist Party?

A:—The aims and principles of the Communist Party, briefly stated, are to organize the workers to defend their interests under the capitalistic system and eventually abolish the capitalist system

and to establish a workers' and farmers' government.

Q:—Does the Communist Party advocate the confiscation of all private property?

A:—The Communist Party advocates the overthrow of the capitalist system and the confiscation of the social necessities of life; that is, the basic industries and other industries for producing the means of livelihood for the people.

Foster summed up the Communist objectives as: 1.—Organizing the workers; 2.—Gaining control of the labor unions; 3.—Overthrowing the capitalist system by seizure of industries; 4.—Establishing a one-party government in Washington, run by Communists.

At one time Foster wrote that "The Communist is unscrupulous in his choice of weapons. He allows no consideration of legality, religion, patriotism, honor, duty, etc., to stand in the way of his adoption of effective tactics."

## THE LAMENTATION, DEGENERATION, COMMUNIZATION PROCESS

(continued from page 3, col. 2)

people from all walks of life leap to the aid of these impostors and swell their ranks, while honest people are abused and discredited.

The doctrine of one important liberalist conspirator some centuries ago was that there are two ways to destroy a people, one way is to **exterminate** them, the other way is to **liberate** them. When you liberate them, you induce them to destroy themselves, by indoctrinating them with false ideas and unworkable theories, thereby causing them to break the laws of nature as well as the laws of good society.

Any treatment short of extermination, or more than false liberation, amounts to **persecution**. But when you persecute a people, they will only unite all the more and finally rise up against you. It is therefore indispensable that we revolutionists generate a continual persecution among our own people who will ultimately dominate the world. Since we are too outnumbered to use the open extermination plan, we must use the underhand circumvention liberalism plan. Therefore **Communists** continue to advertise persecutions and lamentations among themselves.

Throughout history all peoples and nations of the world have passed through three periods, the period of **growth, maturity and decay**. During the growth period when peoples meet with tough opposition, they strive to attain the necessary things of life. As the opposition is overcome they enter into the second period, that of maturity; they strive for constructive projects, such as art, music, poetry, or consolidate previous gains. In the third period, that of decay,

people seek diversions and pleasures. It is here where they are no longer concerned with what is necessary or good but are out only in pursuit of diversion, sensuality, license, and other excesses. This is then the degenerating period.

The International Communist nation likewise passes through the three growth, maturity, and decay cycles, but they cleverly keep their own people in the persecuted growth cycle, while they try to keep all other people of the world in decay or degenerative cycle. Then the world people destroy everything good about themselves while the **Communists** keep promoting and generating persecutions among themselves so as they remain mentally tough and pursue only the necessary things of life, meanwhile the rest of the world softens up in **luxury, pride, sensuality, disloyalty and injustice**.

Throughout history, lamentation and degeneration have always been a prelude to revolution. For example, before the year 1789 in France, there were heard great lamentations and persecutions of liberalists, who advocated liberty and equality. At the same time much publicity was given to the Counts, the Dukes and Nobles as to their graft, immorality, pride and luxury. Shortly afterward a revolution was promoted.

No doubt there are many people living today who remember the lamentations which were advertised about the persecutions at Kiev in Russia in 1905 right before the revolution; the lamentations which likewise were advertised about the Czar's treatment of the liberalist Nihilists in Siberia and St. Petersburg, and at the same time the nobles actually spent much time enjoying vodka, sensuality and luxury. All this preceded the revolutions in 1905 and 1917.

Before the Spanish Civil War in 1936 again great persecutions were generated. Terrible and grim stories were told of the lamentations of liberalists in Spain, of the graft, vices, and cruelties of the Spanish governing body.

As the Bible says, "By their fruits you shall know them", so also we can say by their lamentations and degenerations we know of the coming Communization.

We hope this article helps people to understand the Communist methods. No one can remain neutral in this fight against Communism. We appeal to all readers to help spread the truth. We are fighting your battle for you now. If there were not people like us fighting Communism, the world would be in Red slavery now. The one thing that Communists fear is that the people of the world will find out what the Communists want to do with them. We want to tell the world about this plan.

One way you can do your part as one of 140 million Americans is by reading and distributing this paper to your friends, so many of whom are so sadly ill-informed.
